

Securosys SA is a dynamic, internationally-focused company serving a discerning clientele in the financial and cybersecurity sectors. Our authentication and encryption solutions provide unwavering protection against data breaches for our valued customers. Our products are trusted by financial institutions, spanning both traditional banking IT and cutting-edge fintech and blockchain systems, as well as other organizations where safeguarding digital data is paramount.

We are seeking a highly skilled and motivated

Chief Financial Officer (CFO) – Part-Time (40-60%)

to oversee and enhance the company's financial operations. The CFO will be responsible for managing financial reporting, consolidations, cost analysis, and investor relations while ensuring strong financial governance across all geographies (CH-EU-HK-USA). This role is critical in providing financial transparency, supporting decision-making, and ensuring the company's long-term financial health.

Location: Switzerland (Preferred) / Remote Possible

Responsibilities:

Financial Reporting & Consolidation

- Prepare **accrual-based historical and projected financial statements** on a consolidated basis across all geographies.
- Ensure **monthly, quarterly, and annual financial results** are accurately prepared and presented to key stakeholders.
- Generate **per-product cost, revenue, and margin analysis** to guide strategic business decisions.

Investor & Stakeholder Support

- Support **investors in evaluating financial performance and quality of earnings reports**.
- Provide key insights into financial metrics and trends to aid in investor relations and decision-making.

Accounting & Payroll Oversight

- Oversee and support **accounting and payroll services** to ensure compliance and efficiency.
- Ensure adherence to local and international **financial regulations and accounting standards** for all geographies Securosys operates.

Strategic Financial Planning & Analysis

- Develop and maintain **financial models** to support business planning and forecasting.
- Identify opportunities for **cost optimization and operational efficiency**.

Additional Financial Duties

- Ensure proper **cash flow management, budgeting, and expense control**.
- Collaborate with internal teams to align financial strategies with business objectives.
- Provide financial guidance for **growth initiatives, or expansion strategies**.

Qualifications:

- **Experience:** Minimum 10 years of experience in **financial management, accounting, and strategic finance**, preferably in **technology, cybersecurity, or SaaS industries**.
- **Education:** Bachelor's or Master's degree in **Finance, Accounting, or Business Administration**; CPA or CFA certification is a plus.
- **Technical Knowledge:** Strong expertise in **financial consolidation, cost analysis, financial modeling, and accrual accounting**.
- **Regulatory Knowledge:** Familiarity with **Swiss and international financial regulations, tax laws, and reporting standards**.
- **Tools & Systems:** Proficiency in **financial software, ERP systems like SAP Business One, and Excel-based financial modeling**.
- **Languages:** Fluent in **English**; proficiency in **German and/or French** is a plus.
- **Soft Skills:** Strong analytical skills, attention to detail, and ability to communicate financial insights to non-financial stakeholders.

Why Join Securosys?

- Opportunity to **shape the financial strategy** of a fast growing cybersecurity company.
- Work in a **dynamic, high-growth** environment with cutting-edge security solutions.
- Flexible **part-time role (40-60%)** with the possibility of remote work.
- Collaborate with a **highly skilled and innovative team** in Switzerland and globally.

Securosys offers enticing employment opportunities with state-of-the-art facilities conveniently located within walking distance of the Zurich-Altstetten train station.
